***Scoliosis* is an open access, peer-reviewed online journal that aims to provide an integrated and balanced view of diagnostic, research, and treatment procedures to enhance effective collaboration among specialists in the rapidly growing field of scoliosis.**

Scoliosis encompasses all aspects of research on prevention, control, conservative and surgical treatment of scoliosis and other spinal deformities.

Scoliosis is the official journal of the "Society on Spinal Orthopaedic and Rehabilitation Treatment (SOSORT)".

The journal considers the following article types: research articles, reviews, methodology articles and case reports. For further details, see www.scoliosisjournal.com/info/about/.

Reasons for publishing in *Scoliosis*:

- All articles published in the journal are open access; universally accessible online without charge.
- High visibility for your work - anyone with Internet access can read your article, free of charge.
- Included in PubMed - making your work easy to find, read and cite.
- Articles are published immediately upon acceptance.
- Authors retain the copyright of their articles.
- Electronic submission and peer-review makes the whole process of publishing your article simple and efficient.
- Publishing online means unlimited space for figures, extensive datasets and video footage.
- Professional formatting meets the standards expected by researchers.
